

LUISH NIRAULA

Cybersecurity Professional | Ethical Hacking | Threat Intelligence

luishniraula86@gmail.com | +977 9862232586 | Kathmandu, Nepal | linkedin.com/in/luish-niraula-493627275 | github.com/LUCS-86

PROFESSIONAL PROFILE

A driven and certified Cybersecurity Professional with demonstrated expertise in red teaming, threat intelligence, network vulnerability assessment, and fraud prevention. With multiple industry-recognized certifications from TryHackMe, IBM, Hack & Fix, and Red TeamLeaders, I bring both theoretical knowledge and hands-on practical skills developed through real-world lab environments and competitive hacking platforms. Committed to safeguarding digital ecosystems, I combine technical proficiency with strong analytical thinking and a continuous-learning mindset to stay ahead of evolving cyber threats.

EXPERIENCE

System Security Analyst

Raechal Enterprises Pvt. Ltd. • Oct 2025 – Present • Kathmandu, Nepal (On-site)

- ▶ Deploy, configure, and support Splashtop for remote access and endpoint support.
- ▶ Manage software deployment, patch management, and endpoint administration using PDQ Deploy and PDQ Inventory.
- ▶ Monitor client infrastructure, logs, and alerts using Motadata.
- ▶ Assist in identity and access management (IAM) operations using IBM Verify.
- ▶ Troubleshoot client issues related to endpoint management, remote access, authentication, and monitoring systems.
- ▶ Coordinate with client IT teams for deployment, maintenance, and issue resolution.
- ▶ Prepare technical documentation, system reports, and support records.
- ▶ Provide technical support and basic security recommendations to clients.

Independent Cyber Lab Practitioner

Self-Directed Research • Ongoing • Remote

- ▶ Built and managed multi-OS virtual lab environments (Windows & Kali Linux) for offensive security training
- ▶ Pursuing structured learning paths on TryHackMe and HackTheBox, earning platform-recognized credentials
- ▶ Executed hands-on exercises in reconnaissance, port scanning, exploitation, and post-exploitation techniques
- ▶ Studied and practiced phishing analysis, OSINT gathering, and fraud detection methodologies

TECHNICAL SKILLS

Security Platforms: TryHackMe, HackTheBox, IBM QRadar (Instana), Splashtop, PDQ, IBM Verify

Offensive Security: Reconnaissance, Vulnerability Scanning, Penetration Testing Basics

Fraud & Phishing: Phishing Detection & Prevention, Online Fraud Prevention, Identity Protection

Networking & Tools: Nmap, Wireshark, Network Scanning, TCP/IP, Firewalls, VPNs

Systems & OS: Kali Linux, Fedora, Linux Server, Windows, Windows Server, Virtual Machines (VMware/VirtualBox)

Programming: Python, Bash, Powershell, Command-Line

Soft Skills: Report Writing, Team Leadership, Problem Solving, Deadline Management, Conflict Resolution

CERTIFICATIONS

◆ Certified Online Fraud Prevention Specialist (COFPS)

Hack & Fix • May 2026 • ID: 1295-2712-1401-1464

- ◆ **Cyber Security 101 Certificate**
TryHackMe • May 2026 • Expires May 2029 • ID: THM-7TJJSJVHO4
- ◆ **Verify (SaaS): User Introduction**
IBM • March 2026
- ◆ **Instana Intermediate**
IBM • January 2026 • Expires Jan 2027
- ◆ **Instana Sales Foundation**
IBM • January 2026 • Expires Jan 2027
- ◆ **Verify Identity Protection Technical Sales Intermediate**
IBM • January 2026 • Expires Jan 2027
- ◆ **Verify Identity Protection Sales Foundation**
IBM • January 2026
- ◆ **Certified Threat Intelligence & Governance Analyst (CTIGA)**
Red TeamLeaders • January 2026
- ◆ **Cybersecurity Career Starter Certification (CCSC)**
Hack & Fix • December 2025 • ID: 8842-2270-2153-2061
- ◆ **Certified Phishing Prevention Specialist (CPPS)**
Hack & Fix • December 2025 • ID: 8743-1376-3496-3622
- ◆ **Certified Cybersecurity Educator Professional (CCEP)**
Red TeamLeaders • November 2025

EDUCATION

B.Sc. CSIT (Computer Science & Information Technology) — Birendra Memorial College, Dharan • Present
10+2 (Higher Secondary) — Bishnu Memorial Secondary School, Dharan • July 2022
SLC — Grade 10 — Bishnu Memorial Secondary School, Dharan • March 2020

LANGUAGES

Nepali (Fluent) **English** (Advanced) **Hindi** (Fluent)
